RE: Request for continued support for ACCOUNT DCARC

To Whom it May Concern:

On behalf of the Davis County Amateur Radio Club, I would like to thank XMission for the generous support you have provided over the past year. Your donation of website hosting has allowed us to continue providing timely information to our members and to the community we serve.

Amateur Radio remains a vital communication resource during emergencies and community events. Throughout 2025, our club has continued to grow across Davis County, with membership now exceeding 200. Our members regularly provide communication support for parades, community events, band competitions, and local emergency services. Your support has been essential in helping us stay connected and organized.

We respectfully request your continued support through the donation of web hosting services. This support enables us to share information about amateur radio, public service events, and emergency communication efforts. As required, we display the XMission logo with a link on our homepage, acknowledge your support in our newsletter, and provide referrals to XMission when members seek internet or hosting services.

Included with this request are a printout of our website (www.dcarc.net) and a copy of our December newsletter.

Thank you again for your continued support. Please feel free to contact me if you have any questions.

Thanks,

A handwritten signature in blue ink, appearing to read 'Larry Claussen'.

Larry Claussen, KV7LC
Club President - Davis County Amateur Radio Club
